## Firewall Configuration

If the EFT/POS terminal is inside a closed network maybe you need to open firewall ports to use the terminal properly. Find below the list of all used ports and IP addresses for PayTec.

Target Host	Internet Address	IP Address	Port No.
PayTec Download-Server (PCI 2.x)	ptload.paytec.ch	82.220.35.201	8320
PayTec Download-Server (PCI 3.x)	ptload.paytec.ch	82.220.35.201	8322
PayTec Service Center	tms.paytec.ch	82.220.35.201	8321
PayTec TechLog Server	log.paytec.ch	82.220.35.201	8330
PayTec Remote Maintenance Server	rt.paytec.ch	82.220.35.202	22
PayTec Payment Gateway (TWINT, AliPay, WeChat)	pspgw.paytec.ch	82.220.35.204	443
PayTec KIT on Cloud	ecritf.paytec.ch	82.220.35.202	443
Fexco DCC Host	dhsrest.fmsapps.com	-	443

Please contact your payment service provider (SIX/Worldline, Concardis/nets, FirstData, Postfinance, etc) for details concerning payment hosts and ports.
